

DEVILS LAKE PUBLIC SCHOOL DISTRICT #1

1601 College Drive North, Devils Lake, ND 58301
(701) 662-7640 (FAX) 662-7646

November 4, 2020

Dear Parent/Guardian,

North Dakota has launched a new dashboard designed to help communities across the state access important information about K-12 districts and schools. [NDInsights](#) features easy-to-read reports on multiple measures of school success, including:

- Test Scores
- Graduation Rates
- English Learner Progress
- Student Engagement
- State Accountability

Transparency to the Public

North Dakota is committed to informing communities about how well our schools are doing. North Dakota's future success depends on tapping into the potential of all students, so they graduate choice ready with the knowledge, skills, and disposition to be successful.

State education departments are required to annually create an accountability report for every public school in the state. The school accountability reports outline how schools are performing on the accountability elements North Dakota selected within its ESSA plan.

How is our School Doing?

To find out more information about our School Accountability Report, visit the dashboard at [Insights.nd.gov](https://insights.nd.gov), explore Public K-12 Education, then select Data for Specific District or School, and search alphabetically for our school. The school accountability report is posted under the Dashboard heading. Please note, the data made available to the public masks or hides data for groups with 10 or fewer students to protect confidential information about individual students. Therefore, if data is not available to less than 10 students, it will say "no data available".

As you review the information you will notice that the Devils Lake Public Schools are performing at or above the state averages in all categories.

Family Engagement

We have strong plans for working to improve the educational programs at our school. We would like you and your child(ren) to continue to be active participants in our educational system. Please help support our high expectations for student achievement by participating in the school educational initiatives, offering input and support in our endeavors to raise student achievement, or volunteering at the school. Meeting our school's goals will take a united effort, and I look forward to working with our families to ensure success for each student.

Continuous Improvement

All schools engage in continuous improvement for general support; therefore, our school has completed a continuous improvement plan through Cognia (formerly AdvancED). As part of the overall school improvement plan, a strategy map is generated for each school. Our strategy map, outlining our key school improvement initiatives, is available on the Insights Dashboard.

Our three elementary schools, Minnie H Kindergarten Center, Prairie View Elementary and Sweetwater Elementary, are all Title I Schoolwide schools that have a combined enrollment of 676 students.

If you have any questions regarding the information in this letter, please contact me at matt.bakke@dlschools.org or 662-7640.

Thank you,

Matt Bakke
Superintendent
